Switch Sustainability Certificate

NuWave Communications is awarded this Sustainability Certificate for using 100% Renewable Energy within the Switch ecosystem. This certificate demonstrates that Switch has retired **171 Renewable Energy Credits** in 2025 on behalf of NuWave Communications, making their energy consumption 100% Green at Switch's data center facilities.

These Renewable Energy Credits comply with Greenpeace's principles of locality, additionality, and sustainability, and were generated by Nevada solar farms.

Together, we can ensure that the data running our planet doesn't ruin the planet.
